M Highlanders Beat White Sox Twice To-Day They'll Be Able to Leave Last Place. No Matter What Browns Do.

WELL old Opportunity knocks at the door of the Yanks again to-day, but if they don't pay some attention pretty if they don't pay some attention pretty soon that old boy is going to wear his knuckles out and get sore. For three days now they've had a chance to stick their nose out the cellar door, but refuse to pull the latch. The Browns have done their part, all right, but are getting no assistance. To-day we get a double crace at the White Sox, and if those two could be captured we could be in seventh place regardless of what the St. Louis gang might do. All

Another great thing in favor of Chance's team ultimately getting out of the bule is that the Browns must face the Athletics and Senators while we are whiling away our time with the White Sox and Napa. Still you never can tell.

EVEN THE WEATHER IS WORKING FOR THE GIANTS. The postponement of that game in Chicago on account of rain really means a gain for the Giants. As they go to Chicago no more this season, the game casnot be played. This means that the Giants will have no chance of losing it. A game lost, at this stage, counts more against a club than a victory counts for it. At the beginning of the season the percentage works the other way,

THESE BE TOUGH DAYS FOR ROY.

As a pinch hitter Roy Hartsell gave the Tigers a battle in the eighth, but he couldn't win single handed. Harry Wolter, who followed him as a pincher, popped up to the infield and spoiled Chief Devery's whole afternoon.

IT LOOKS LIKE THE SQUARE THING TO DO.

The unique ruling of the National Commission in ordering the Glants and Phillies to play out the unfinished inning of that famous protested game sets a precedent in baseball that will keep the tongues of fans wagging for many moons. At the same time it is perhaps the only equitable adjustment of the tangle that could be made. It deprives neither side of the chances to which

MEY SURELY MUST HAVE BRENNAN TO UMPIRE.

But here is the trouble: Suppose Chalmers is injured in the meantime and cannot pitch? The ruling says distinctly that he must do so, as the line-up must be the same. On the other hand, Matty will not be allowed to pitch at all, as he was taken out at the beginning of the ninth to let McCormick bat for him Therefore, if the Giants should make two or more runs in their half McGraw will greate the right to send in any other pitcher that he desires. Unique twists to this emarkable game could be figured out all day,

FIRST TRIPLE-HEADER ON RECORD.

In another way the playing off of this game, which is set for Oct 2, will establish a record never before heard of in major leagues. As there is a doublebeader scheduled for that day, New York fans will have the unique opportunity of seeing three games decided in one afternoon. At any rate this novelty ought to bring out a big crowd. And, along about that time, believe us, crowds will be

WAS ONLY HUB PITCHER TO BEAT ATHLETICS.

Frank Chance has had what he considers a great stroke of luck in getting King Cole, his former star of the Cubs, in the draft. Chance always has considered Cole a good pitcher, and he believes his recent experience with the Columbus team of the American Association has done a lot toward settling him down. The same treatment cured George McQuillen, now a successful pitcher with the Pirates.

AS TO THOSE WORLD'S SERIES SEATS.

If the world's series is played between the Giants and the Ath-letics (get that dog from under the table), the seating arrangements at the Polo Grounds, it has been decided, will be the same as last year, which is to say the entire lower grand stand and ble..chers will be unreserved. This means 25,000 scats on the basis of first come,

BUT THE BROWNS, A TAIL-END, GOT THIRTY.

Our old friend, Charles Historical Ebbets, has the right idea, all right, whether he is a good sport or not. After getting seven players in the draft he immediately introduced a resolution to change the rules. And the poor Yanks, who drew but

two out of the hat, haven't made a kick.

WE HOPE NO ACCIDENTS HAPPEN. ing the only straw hat in the grounds. Yes, and he says he's going to keep weering it until the Giants cinch the pennant, even if he has to don ear muffs with it.

Looks like if we let those Phillies alone they will beat themselves. Every same they lose now makes it possible for the Giants to drop three. And then, to nake it worse, the Giants are dropping no "threes" in a row.

Manager John J. McGraw of the Giants and Comiskey to-day completed a payment of \$2,400 to cover part of the ex-pense, and on Oct. 10 will make a payment of equal amount, which will carry the party to Port Said.

Because they claim that Earl Denning. the Chicago bantamweight, deliberately quit in the second round of his bout with Frankie Burns of Jersey City last Friday night, the officials of the Colorado A. C. of Denver have refused to pay him for his services, turning the money over to charity in that city.

Bitty Gibson has arranged two more ten round bouts to be fought in con-junction with the big scrap between Al Reich and Carl Morris at the Garden A. C. on Friday night. In the first of these bouts, Tommy Buck of Philadel-phia will meet Frankle Conifrey of this city, while in other Days Kurts of New-

Tork Nationals and the Chicago Americans. President Comiskey of the local club announced to-day that there will be fifty in his party when the steamer sails from Vancouver. Nov. 19, and the Gotham delegation will number twenty-five.

Willie Beecher, the east side lightweight, has parted with "Babe" Greenbaum and Moe Smith, his managers, for the second time and has engaged Sam Lewis to look after his interests. Lewis has practically matched Beecher to meet Knockout Brown at one of the shows of the Atlantic Garden A. C. in a few works.

The St. Nicholas A. C. will put on two ten-round bouts to-night. In the main go Battling Levinsky, formerly of Philadelphia but now of this city, will meet Soldier Kearns of Brooklyn, while in the first contest Jim Savage of Orange, N. J., will swap punches with Jack Keating, the Harlem heavyweight, who has beaten many fighters in the last few months.

Another fight will be brought off in Canada to-night. The principals will be Jack Dillon of Indianapolis and Tony Caponi, the rugged Italian fighter of Chicago. They will come together in a twelve-round bout at a bexing show to be held at Winnipeg, Can. Dillon ought to get the decision, but Caponi will make him know he has been in a battle.

Winner, and there was no doubt that the award was deserved.

The best bout was the semi-final between Young Jasper of Roston and Joe Chick of Gloucester, who boxed at a fast clip for eight rounds. It was called a draw.
